

Military Batteries - BA5590/U Battery Pack

Golden Season's BA-5590 battery pack is designed and engineered to used in tactical military operations.

The battery is composed of gold plated contacts and 100% Mil-Spec compliant cells manufactured inhouse.

BA-5590 meet the military standards for Mil-B-49471/3A for:

- Battery voltage
- Electrolyte leakage
- Mechanical and thermal shock
- Vibration test
- Insulation resistance

| Specifications | |
|-----------------------|-----------------------------------------------------------------------------------------------|
| Dimension: | 112mm x 62mm x 127mm |
| Weight: | 1.24kg |
| Military Spec: | Mil-B-49471/3A |
| Shelf Life: | 10 years |
| Nominal Voltage: | 12v / 24v |
| Typical Service Life: | 3.6 Hours when discharged at 2A at 21 Degrees Celsius |
| Chemistry: | Lithium Sulphur Dioxide (LISO2) |
| For use in: | PRC-104, PRC-113, PRC-119, PRC-138, KY-57, Sincgars and other equipment. |
| Replacement for: | BA-5590, BA-3590/U, BA-5290/U, BA-5390/U, BB-2590/U, BB-390A/U, BB-390B/U, BB-490/U, BB-590/U |
| Casing Material: | Enforced ABS |
| Shipping Class: | Class 9 Dangerous cargo |
| Disposal: | Check with local authorities |
